THE BANK AFFAIRS.

Mr. Newkirk is Not Left Entirely Penniless.

THEY HAD A FALSE CLEW.

And it Didn't Lead to the Missing Cashier—Stockholders Will be Assessed.

Notwithstanding the complicated condition in which he found the affairs of the First National bank, Receiver Latimer is said to be making most excellent progress in straightening out the accounts of the suspended institution. The DEMOCRAT is reliably informed that as the examination of the bank continues, the condition of affairs grows worse. The examination thus far, while far from being complete, warrants the statement that the bank examiner will be compelled at an early date to order an assessment of 100 per cent on the capital stock. That means a levy of \$250,000, a sum which, as large as it is, may not be sufficient to repay depositors dollar for dollar.

It is also stated that the total of the sums which were misapplied by Mr. Thompson cannot be estimated with any accuracy—in fact, a guess might easily be \$100,000 away from the actual figures.

The safety deposit box, which was found by a government secret service officer, yesterday, at the Thompson residence on Broadway, contained only the private papers of Mr. Thompson. Under ordinary circumstances, Receiver Latimer would not have cared to have seized the papers, but since the discovery of the cashier's crookedness he felt justified in ordering them placed in custody. The private papers include notes, memoranda, schedules of personal and real property, deeds and other documents, and it is believed they will furnish the key to the false entries on the books of the First National and also to point out where certain funds of the bank were applied.

Receiver Latimer, it has been stated, has received assurances that he will be backed up by the treasury department in his efforts to protect the interests of depositors. Those who are in a position to know what they are talking about, say that Mr. Latimer is a young man with a remarkably stiff back bone and will not hesitate to do his full duty to the depositors. In fact, Mr. Latimer has no political string tied to him and will insist that, if it is possible, the depositors be paid dollar for dollar. The value of the assets of the bank cannot now even be guessed at on account of the large amount of worthless paper that is included in that portion of the assets under the head of notes due the bank and maturing.

Attorney for the Receiver. Judge W. S. Shirk has been retained as counsel for the receiver of the bank, the appointment having been made today by Receiver Latimer, who acted under instructions from the treasury department.

Directors' Meeting Postponed.

A meeting of the directors of the bank was called yesterday evening by Receiver Latimer for 10 o'clock this morning. All of the directors were present in President Newkirk's room, in the bank building, at the appointed hour, with the exception of John W. McClure, who resides in the country, near Hughesville, and had not been notified. The meeting was adjourned until 4 o'clock this afternoon, when it is

expected the full board will be in attendance. The directors were not informed by Receiver Latimer as to the object of the meeting, and they are as much in the dark as to its purpose as the public.

A False Scent.

The secret service officers were considerably excited yesterday afternoon by the finding of what was thought to be a clew to the missing cashier's whereabouts. Government detectives were quickly placed on the supposed trail, and, after a thorough investigation, the scent was ascertained to be a false one. Officials who are working on the case refuse to be interviewed and particulars as to the location of the missing cashier cannot be learned.

Within the next few days perfect descriptions of Mr. Thompson, together with pictures of him, will be sent to police officials throughout the country.

Not Left Penniless.

The statement that Mr. Cyrus Newkirk, the aged president of the First National bank, had turned over every dollar's worth of his property to the receiver, is erroneous. Mr. Albert Newkirk, son of the banker, says his father has more than sufficient property left to meet all his obligations. The aged banker's host of friends in this city and throughout the state will be glad to know that he has not been reduced to poverty in his old age. Mr. Newkirk is also in no danger of losing any money through going security for his son-in-law, E. C. Sattley, for he is amply secured against loss in case Mr. Sattley should forfeit his bonds.

After Cashier Thompson.

Reliable information, coming from a government official, has been received from Washington to the effect that the treasury department is taking extraordinary measures to secure the arrest of Cashier Thompson. Secret service officers have been directed to spare no expense in their efforts to locate the fugitive and it is only a question of time until he will be in the hands of government officers.

Notice to Depositors.

Receiver Latimer issued the following notice today: "Holders of certificates of deposit issued by this (First National) bank are requested to file them with the receiver at the earliest possible date, taking his receipt for exchange."

W. A. LATIMER, Receiver.

The Nevada Mail of yesterday has the following in regard to a citizen of that town: "Gene Wilcox informs the Mail that the First National bank of Sedalia, which closed some days ago, caught him for something over \$2,000. He also says that he was told in Sedalia that the bank would probably pay depositors over 25 cents on the dollar. Mr. Wilcox left this afternoon for Louisville, Ky."

Alcyon Reinstated.

CHICAGO, May 11.—The board of appeals of the National Trotting association last night finally reinstated the famous stallion Alcyon, who was suspended for trotting a crooked race with Nelson. The case was before the board for several years. The temporary reinstatement of Driver Robens was continued.

CUTTING FREIGHT RATES

The Demoralizing Figures Have Struck Sedalia Temporarily.

The freight war which has been raging between St. Louis and Kansas City the past few days, struck Sedalia this morning.

The reduction affects rates from St. Louis to Sedalia, and the figures are as follows:

First-class has been cut from 50 cents to 15 cents per 100 pounds.

Second, third and fourth rates, which were formerly 40, 29 and 22 cents, are now 10 cents per 100.

The car load business has been cut 7½ cents per 100.

Those persons who are in a position to know, say these outrageous cuts can not possibly last long, because the railroad companies cannot stand them.

Sandow to Conquer a Lion.

SAN FRANCISCO, May 11.—All attempts to have a "wrestling match" between a lion and a bear at the Midwinter fair having failed, arrangements are now being made to have Sandow, the strong man, wrestle with a lion. He has signed a contract to meet Col. Boone's big lion, "Commodore," in the arena. The lion will be securely muzzled

and his claws will be clipped. Sandow will endeavor to throw or control him by main strength.

Dandy Jim Sold.

Will H. Ewing, who is now in Texas, has sold Dandy Jim, his famous trotter, for \$3,800, and Nedwood, a son of the great Nutwood, for \$2,400. Dandy Jim made a record of 2:16 at San Antonio a few days since and trotted a quarter in twenty-eight seconds, or at a 1:56 gait. He has been an attraction at the Missouri state fairs in Sedalia the past three years.

Ramsey's Donation.

W. H. Ramsey presented Coby Bloch, manager of the Sedalia base ball team, today, a donation in the way of a ball and bat.

Resumed This Morning.

The Enterprise flouring mill, which was closed down Tuesday, resumed business this morning, B. S. Rembaugh, manager.

Miss Kettering, who has spent six years as a Methodist missionary in Peking, China, lectured at the Cumberland Presbyterian church last night, under the auspices of the Christian Endeavor societies of Sedalia.

The large audience was deeply interested in what the young lady had to say. She is quite young and comely, has a sweet voice and is a fluent speaker.

She sang a song in Chinese and

REGULAR DALTON STYLE.

Seven-Armed Men Loot the Bank at Southwest City in Broad Daylight.

NOEL, Mo., May 11.—At 3 o'clock yesterday afternoon seven men armed with Winchesters and revolvers rode into Southwest City, Mo., and robbed the bank, getting all the money the bank contained, between \$3,000 and \$4,000. They evidently came from the territory and were experts. They did the job in a very business like manner.

Two of them were stationed on the sidewalk, three entered the bank with a sack and two others guarded the horses.

About 100 shots were fired by the robbers and four of the best citizens were badly wounded. J. C. Seabourn, and O. L. Seabourn were both shot through the groin. Matt Hembree had a leg broken by a bullet. S. F. Melton, United States Marshal, received a flesh wound in the leg.

The robbers were about ten minutes going through the bank. Afterwards they mounted their horses and started for the nation at full gallop. As they were leaving the outskirts someone fired several shots at them, killing a horse and wounding a robber. He immediately secured another horse from a farmer who was passing and followed his pals.

displayed quite a number of native trinkets and idols. The latter are still worshipped in that country and are of all sizes, ranging from tiny figures to colossal statues, found in the homes and temples.

One of the idols exhibited by the lecturer is 2,000 years older than the Christian era.

The missionary work in the Celestial kingdom, according to Miss Kettering, is progressing encouragingly.

Miss Maud Shirk sang a very pretty solo as a prelude to the lecture.

SCORED THE JURY.

Judge Rector Denounces the Acquittal of an Alleged Bank Wrecker.

WACO, Tex., May 11.—After a trial lasting 18 days S. J. Walling, president of the City National bank of Brownwood, Texas, was acquitted yesterday of the charge of embezzlement and misappropriation of the funds of the bank to the amount of \$7,000. The trial took place before Judge J. B. Rector, United States Judge for the Northern District of Texas. Upon the return of the verdict the judge addressed the jury as follows: "Gentlemen of the jury, the government has spent thousands of dollars in this case; first before the grand jury, and then through a long and tedious trial, with numerous witnesses, and has established a clear case of guilt. There can be no question as to this man's guilt on a number of counts. 'It is clearly shown to any intelligent man that the bank had been wrecked by this defendant; that it is in the hands of a receiver, and its stock is down to 10 or 15 cents on the dollar, and that he has embezzled from \$50,000 to \$70,000 of the money of the bank. This verdict is a slap in the face of justice and society. If the man had been charged with stealing a horse he would without doubt have been convicted under this evidence. The court and the jury have their separate duties, and I cannot change your verdict, but how you will account to society for it I do not know. This is the first time in my life I ever found it necessary to make such remarks to a jury. You are discharged for the term with the court's disapproval of your verdict."

To the defendant: "You are discharged on the jury's verdict. You have had your day in court."

Miss Harris at Boonville.

A concert was given in Boonville Tuesday evening and the Star says: Miss Buelah Harris then sang a soprano solo, "Should He Upbraid," to piano accompaniment. Miss Harris at the outset produced a most favorable impression on the audience and was repeatedly accorded. She sings in that peculiar winsome and pathetic manner that finds its way to the heart. Later in the programme she sang "O Mio Fernando," a selection from an Italian opera, that seemed peculiarly adapted to her, in a manner that gave evidence of her great talent and ability. A vocal duet, "Oh! That We Two Were Maying," sung with Mr. Brewster, was also warmly applauded.

Life is Short.

Then why not enjoy it in the proper way, by regaining your lost health which is worth more to you than all the wealth in the world. It will cost you nothing for examination by the eminent and successful physician, Dr. J. P. Henderson, of Chicago, who will be at Sicer's hotel tomorrow and Monday.

REVISING THEIR CONSTITUTION.

National A. O. H. Convention Devote a Day to the Question.

OMAHA, Neb., May 11.—Nearly the entire day was taken up in the National A. O. H. convention in the revision of the constitution.

None of the changes were made public, but it was announced that the entire constitution, after revision might be given to the public for the purpose of showing that the organization was not a political one, as has been asserted by the A. P. A.

The report of National Secretary Slattery was submitted, showing that the organization has a membership of 93,878, an increase in the past year of 10,656. The order has expended for benefits since the last report \$378,000, and for charity \$345,000. The report of the treasurer was also submitted and referred to the auditing committee.

Dr. Lackey Married.

There was a quiet marriage at the Methodist church at Sweet Springs yesterday evening. The contracting parties were Dr. T. S. Lackey and Mrs. M. L. Odell. The ceremony was performed by Rev. L. H. Vandiver, pastor of the Methodist church. Dr. Lackey is one of the leading physicians of Sweet Springs, is well and favorably known throughout Saline county and is a gentleman of high character. The bride is a most estimable lady who was a resident of that city some years ago and has a large circle of admiring friends. The DEMOCRAT extends congratulations.

Sheriff Porter's Sale.

This morning Sheriff J. C. Porter sold the following property levied on by him at the Enterprise mill: 8,700 pounds flour; 2,400 pounds bran; 4,000 pounds shorts; 14 bushels meal; 800 bushels coal; 1,000 bushels wheat.

The sum realized on the sale was \$500. The mill was then turned over to E. A. Rembaugh.

Consigned to Topeka.

A carload of household furniture, which was purchased of McLaughlin Bros. of Sedalia, was shipped to Topeka, Kansas, this morning. General Manager J. J. Frey, of the Santa Fe railroad made the purchase during his recent visit to Sedalia.

Not Yet Decided.

Rev. J. Ross Stevenson, pastor of the Broadway Presbyterian church, has under consideration the question whether to remain in Sedalia or accept a chair in the McCormick Theological university at Chicago. The DEMOCRAT hopes that he will conclude to remain here.

Died at Lamonte.

Hon. W. H. Emerson, an esteemed citizen and former representative of this county in the state legislature, died at Lamonte at 12:30 this morning after an illness of two months. The funeral will be held at the Baptist church in Lamonte at 10 a. m. tomorrow.

Missouri Miners Decide to Strike.

NEVADA, Mo., May 11.—The miners in Vernon and Bates counties decided to strike last night and 2,500 men have quit work. The McComb and No. 16, of the Missouri Pacific have also shut down.

AND so we don't get the republican state convention after all, and thus another campaign promise is broken.

It is perfectly proper for Coxeyism and "protection" to be discussed together, as the latter is responsible for the existence of the former.

In enlisting his "home guard" of the Coxey army Gen. McAllister is merely following the example of those who have been maintaining a "home guard" of the Carnegie army.

THE Daltons or their imitators seem to be still on deck in the Indian territory, judging from the raid on the bank at Southwest City yesterday. It is about time for these bold desperadoes to be killed again.

A FULL history of the manipulations by which the funds of the First National bank have been made way with cannot be written yet, but it will make mighty interesting reading when it is laid before the public.

THE stockholders of the defunct First National bank are among the greatest sufferers by the failure. Not only will the original investment be lost, but there will probably be an assessment of fully 100 per cent on the stock.

DURING the late municipal campaign it was promised that Mr. Hastain, if elected, would bring the republican state convention to Sedalia. The committee met yesterday and the mayor's tow-line broke at the first pull. The convention goes to Excelsior Springs. It is sad indeed to have public confidence thus betrayed.

THE general public will approve of Judge Rector's rebuke to the jury which acquitted Walling, the bank wrecker, at Waco, Tex. Public sentiment must demand that the man who steals from a bank be treated like the one who steals a horse, and the higher the standing of the culprit the severer the punishment should be. The way to make laws respected is to enforce them upon all alike.

WHEN Cleveland was elected by the American people the republican press deliberately went to work to destroy public confidence and bring on business stagnation. Having predicted all sorts of evils and done all in their power to bring ruin upon the country, they are now republishing those "prophecies" with every indication of joy. Their policy means that unless the tariff barons are given assurances that their subsidies shall continue they will do all in their power to bring want and starvation upon the people who refuse to be robbed.

THERE are a good many people who are of the opinion that Sedalia would have been much better off than she is today if a lawyer had been elected mayor two years ago last April. Recent developments have shown that "a business man" for mayor isn't always the best for the city's interests.—Gazette.

As the "lawyer mayor" succeeded in allowing the city funds to be tied up in a busted bank which failed on May 4th when the money to pay the interest on city bonds should have been in New York May 1st, the general public, and especially the taxpayer, will not readily see where the improvement comes in. This interest money should have been sent on not later than the last week in April, and if it had been demanded at the proper time and the bank had been unable to pay it, there would have been

ample time to have obtained additional security. Other debts due by the bank were secured after that time. But the city money was permitted to remain in the First National, which did not fail until three days after the money was due in New York. The republican organ is welcome to all the glory it can gain out of that transaction.

HAVING been an earnest advocate of socialism and paternalism as manifested through protective tariffs and bounties for favored industries, the republican local organ is in no position to throw rocks at McAllister's army. The only difference between a Coxey army and a high-tariff club is that one organization asks government appropriations to put unemployed men to work building good public roads and the other defends the policy of government gifts of millions of dollars to sugar producers and largesses in the way of tariff taxes for the rich manufacturers.

THE republican organ by inuendo blames Mayor Stevens for having approved the bond given to secure the city deposits and for the fact that those deposits were in the First National bank when it failed. The public will remember that the former administration passed out of power on April 16th and that the bank did not fail until May 4th. But even then Capt. Stevens was not the only one who had implicit confidence in Mr. Thompson. The missing cashier was as high in the confidence of the Gazette as he was in confidence of the ex-mayor, and even the day after the bank failed the Gazette said of him: "Mr. Thompson has labored like a Trojan to avert the catastrophe that has overtaken the bank, and the public expressions of confidence in him are very gratifying indeed."

Go to Forest park and take your children, they will enjoy it. The cars run every half hour.

A Rumor Corrected.
It was rumored on the street yesterday that the Sedalia elevator had been closed. Such is not the case, and the report does Mr. Lupe great injustice and he desires the DEMOCRAT to say that he is at the old stand and always glad to see his old friends.

Have You Found the Cause?
One of the most eminent physicians in the United States was asked: "Why does humanity suffer so much?" His answer was brief and to the point: "Find the cause." Perhaps you can find the cause of your suffering by consulting Dr. J. P. Henderson, who will certainly tell you if your case is curable. Consultation and examination free.

Kin to "Sedalia Boy."
J. W. Cole obtained a horse from M. Dueber who lives south of town this week, says the Tipton Times, from which something reasonable may be expected. He is a half brother of the phenomenal McDoel or Sedalia Boy as he was first known which developed such remarkable speed as a trotter.

Tipton Can Accommodate Them.
Sedalia has organized a crack base ball team and Manager Bloch writes the Times that he would like to play Tipton's team. We believe there is no regular team organized here now, but it would be an easy matter to get together a club to accommodate the gentlemen and we hope our boys will do so.—Tipton Times.

He Don't Want Your Money.
The citizens of Sedalia who have called on Dr. J. P. Henderson can testify to the fact, that if your case is hopeless he will tell you, and not do as the many, taking your money and prolonging the agony of uncertainty. If you suffer from any disease, call and see him at Siche's hotel next Saturday and Monday, May 12 and 14. Consultation and examination free.

Ready for Business Monday.
The Sedalia Steam Laundry, which has just moved into its new building on Lamine street, was so unfortunate as to break part of its machinery, compelling it to shut down. The break is being repaired and the laundry will be ready for business Monday morning with facilities for doing all the laundry work in this city and surrounding towns.

With their new machinery, fine work and prompt delivery, they should have a big business on the start. They will guarantee all work. Telephone 154. Their wagons will call for your laundry work. Read their "ad" in the Sunday DEMOCRAT. J. C. Tiffin, business manager.

No Stranger in the City.
Dr. J. P. Henderson, who will be at Siche's hotel next Saturday and Monday, has gained an enviable reputation as a successful practitioner, and his visits are now looked for with pleasure by the many patients who have been benefited since his first visit to Sedalia. All who suffer should know that Dr. Henderson is a fixture in this city, although he only visits this city once a month.

An Important Hygienic Invention.
The ladies and gentlemen of this city will have an opportunity of testing the most perfect invention for the steaming, shampooing and drying of the hair. The leading specialists of the east are unanimous in their praise of the invention, as it prevents the falling out of the hair, cures dandruff and all scalp trouble and cold in the head, and will surely prevent baldness. Messrs. Pratt and Miller, of the Alamo Barber shop, 112 W. Third street, have a machine on exhibition and invite the public to come and examine same, and will be pleased to give full explanation.

Why we Push the Kimball.

- 1st. Because we know it is worth pushing.
- 2nd. Because every Kimball customer helps us to push it

Of Course We Know That Worthless Pianos and Organs are Made

in large quantities, because foolish people buy where price is lowest, without giving a thought to quality. Anyone who thinks will not buy a "piano at \$170, or an organ at \$30, guaranteed for nineteen years," because it is cheap. Anyone who thus thinks will avoid learning by experience that it would have been cheaper to pay, say \$300 or \$400 for his piano. We can furnish a new organ for \$30, but we will not. We live here and have to "face the music," this year, and other years to come.

For musical excellence no house anywhere has higher endorsement, no house in the known world has a better reputation than the KIMBALL and that is why we put our whole weight in favor of the Kimball. We would rather bank our reputation where it will be safe and solid. Oh, dear friends, come and see us, then you also will be as much Kimball admirers as are

Yours truly,

DR. J. P. HENDERSON OF CHICAGO, ILLINOIS

President of the Illinois State Institute of Physicians and Surgeons, will make regular visits here once each month for the benefit of all those who are suffering from any form of chronic disease

WE are not DECEPTIVE, AS WE DO NOT CLAIM TO CURE EVERYTHING

We do not undertake incurable cases, but come and be examined and learn your condition, as we have cured hundreds given up to die.

With Dr. Henderson's new system of treatment thousands of persons have been cured of the following named Chronic Diseases, after all other physicians have failed:

CATARH—Most pleasant method of treatment, and not a single failure of a cure of this most offending and loathsome disease.

CANCER—This dreadful disease can be positively cured, saving hundreds of lives, thousands of dollars of money, and years of life to the afflicted.

DYSPEPSIA, DIARRHEA AND INDIGESTION in all of their various forms positively and permanently cured.

NEURALGIA, NERVOUS EXHAUSTION, EPILEPSY, and all forms of nervous diseases are quickly cured by our new treatment.

LIVER AND ALL DISEASES the result of Biliousness, Acne, Yellow Spots, Dizziness, Yellow Tongue, and symptoms connected with these, thoroughly cured.

BLOOD AND SKIN DISEASES—Scars, Tumors, Pimples, Tetter, Eczema, Ulcers, Loss of Hair, Mucous Patches, Scrofula and Blood Poison of every nature promptly eradicated, forever restoring health and purity.

How do we do it? Where did we learn it? What is it? Come and consult us and see for yourselves. Consultation and examination free. Strictly confidential. Ten thousand references given upon personal application, and no names of patients or correspondence given, except by patient's consent. Call on our representative at the above place and remember the date.

RAILROAD RUMBLE.

M., K. & T. Conference to Be Held at Parsons, May 16.

AN ENGINEER'S RECORD.

Items of Interest Picked Up From Various Sources for the Benefit of "Democrat" Readers.

The hearing of the suit instituted by Attorney General Little to compel the Missouri, Kansas and Texas road to maintain its general offices in Kansas has been postponed to May 23. In the meantime, Attorney Sedgwick, representing the railroad company, has arranged for a conference with Attorney General Little to be held at Parsons May 16, and it is probable that an agreement will then be reached by which the suit will be withdrawn. Should the attorneys fail to agree at the Parsons conference the case will be taken up by Judge Williams at Little Rock May 23, and arguments heard, but Attorney General Little thinks it is reasonably certain that the Missouri, Kansas and Texas will make some arrangements to comply with the law.

He Had a Record.

Andy Anderson, one of the oldest and most widely known engineers of the south, died at Atlanta, Ga., yesterday, after a short illness. It was on the Western and Atlantic road that Anderson learned the work of engineering, and it was on the celebrate engine, "General," on which he did his first firing. Anderson was on the train the day the rebel raiders took the "General" from the train and ran it away. Of course, Mr. Anderson was like the rest of his crew, was badly knocked out by the event, but he followed along the track in slow stages and came upon the old engine after it had been deserted by the raiders. His first experience in running an engine was in driving the "General" back to Atlanta after she had been recaptured. This was before she had been "set up," as railroad men term it. For years after the war he rode in the cab as fireman, and then when he was given the engine it fell to his lot to pull the train on which President Hayes rode out of Atlanta after making his visit there in '77. Mr. Anderson was only about 58 years of age, and died worth quite a snug sum.

Surveying for a New Road.

Lawyer A. W. Sunderland, of Eldorado Springs, who is here attending circuit court, says the people are pulling for a Greenfield and Northern railroad. A mass meeting of the citizens was held on Tuesday night and a committee sent to Clinton to meet the directors who are to be there today.

This road is now being surveyed from Arcola, Dade county, via Stockton, Cedar county, to Clinton, Henry county. The survey passes about seven miles east of Eldorado and the people of that place hope to have it deflected so as to pass through their town. The route as surveyed is an easy grade, but that proposed would take the line through a very rough country.—Nevada Mail.

A Frisco Hold Up.

There was a 'Frisco hold-up yesterday morning on a small scale. Miss Malissa Aden, about 13 years old, who resides in Newport, Ark., was on the eastbound train en route to Stratford. Three rough looking men were on the platform and one of them entered the car and jerked Miss Aden's handkerchief from her pocket. In the handkerchief was a railroad ticket, a baggage check and 5 cents in money. The fellow dropped the ticket, which was recovered. The men, who must have been looking for someone else, disappeared.

Demoralizing Denver Business.

The extreme cut in freight rates from eastern and southern points is demoralizing local business at Denver under threats to close every manufacturing establishment in the state of Colorado or compel a severe reduction in wages.

Regarding the Rail.

Superintendent of Transportation Mike Sweeney, of the M., K. & T., is in the city today.

Dan Willard, auditor for the M., K. & T., in Kansas; Treasurer Daly, in Kansas, and Car Accountant R. H. Weddle arrived in the city last evening.

The ground immediately west of the Missouri Pacific shops is being staked off. It is said repair tracks will be put in, car sheds erected,

turn-tables built and other important improvements made there. Supt. L. D. Hopkins is now non-committal in the matter.

It is said that the new M., K. & T. time card, which will go into effect next Sunday, will make but slight, if any, changes in trains running into and out of Sedalia.

Frank Thompson, the fireman on the branch road who was so badly injured in the wreck between the fast mail and the branch train last November, has resumed his old run and came in last Monday on his first trip.—Tipton Times.

Master Carbuilder Doyle, of the M., K. & T., is in Fort Worth conferring with the Pintsch Gas Lighting company with a view of obtaining gas for the M., K. & T. cars. Should Mr. Doyle succeed in closing a contract it's likely a plant will be established in Denison.—Denison Herald.

Commencement May 24.

The Sedalia high school commencement will take place at Wood's opera house on the evening of May 24. An interesting programme is being prepared for the occasion.

Disease and Its Dangers.

Thousands of suffering humanity imagine they are incurable, having failed in receiving the proper treatment. This is no reason why you cannot be cured. Have you been to see Dr. J. P. Henderson, president of the Illinois State Institute of Physicians and Surgeons of Chicago, who has been making monthly visits to Sedalia, and whose wonderful success as a physician and surgeon is now an established fact, not alone in Sedalia but in every city in the country where he has visited. If not, don't fail to see him Saturday, May 12, and Monday, May 14, at Sicher's hotel.

SHE GAINED HER SUIT.

Widow of a Former Sedalian Gets Damages.

Five years ago Engineer Wm. Y. Berry, who resided in Sedalia, was killed in an M., K. & T. and Gulf road collision. His widow brought suit against the Gulf for \$10,000 damages.

The case was tried in Ft. Scott about four years ago and Mrs. Berry was awarded \$5,000. An appeal was taken by the road to the supreme court and a decision was rendered last fall in favor of Mrs. Berry. The road moved for a rehearing of the case, which was recently denied.

At the time of the death of Wm. Y. Berry the law of Kansas required a suit by a widow for damages for the killing of her husband by a railroad must be brought by an administrator. In Missouri the widow is empowered to bring a suit for damages for the killing of her husband by a railroad in her own name. When her husband was killed Mrs. Berry was a resident of Missouri, and in order to enable her to bring suit in her own name a special bill was introduced in the legislature by Hon. W. M. Rice and was enacted into a law and the suit was then commenced in her name.

COMMITTED SUICIDE.

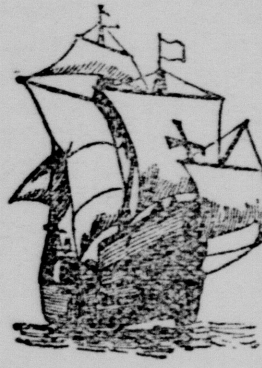

A Pioneer Citizen of 87 Years Takes His Own Life Near Warrensburg.

Owen Cooper, an old and highly respected citizen living in Post Oak township, says the Warrensburg Journal-Democrat of Thursday, put an end to his life by shooting himself in the forehead with a rifle yesterday afternoon.

He was observed by members of the family walking around over the farm in a somewhat aimless manner during the day with his rifle in his hand, and when asked what he was doing, replied that he was shooting crows. Some time in the afternoon he was found lying under a tree some distance from the house with bullet hole in his forehead. He had driven a nail in a tree, tied a string to it and fastened the other end of the string to the trigger of the rifle, placed the muzzle of the gun to his forehead, and pulled it off. The ball penetrated the brain and death must have resulted instantly. No one can assign any plausible cause for his rash act, as he was in good circumstances financially, though some advance the opinion that his mind had become somewhat affected either from some losses he had sustained on bad debts, or from old age.

He was something over 87 years of age and was a pioneer citizen of Johnson county, and was highly esteemed by all who knew him. He leaves a family of children, all of whom are grown.

THE DISCOVERY OF AMERICA

by Columbus brought enlightenment to the world. New fields of enlightenment in this century are in the line of science. The triumph of Conservative Surgery is well illustrated by the fact that RUPTURE is now readily cured without the knife and without pain. Clumsy, chafing, crutches never cure but often induce inflammation, strangulation and death. TUMORS, Ovarian, Fibroid (Uterine) and many others, are now removed without the perils of cutting operations. PILE TUMORS, and other diseases of the lower bowel, are permanently cured without pain or resort to the knife. STONE in the bladder, no matter how large, is crushed, pulverized, washed out and perfectly removed without cutting. STRICTURE of Urinary Passage is also removed without cutting in hundreds of cases. For pamphlet, references and particulars, send 10 cents (in stamps) to World's Dispensary Medical Association, 663 Main Street, Buffalo, N. Y.

We all Like to Know.

It is a well known fact that many of our best citizens who have called on Dr. J. P. Henderson testify to his ability as a physician. Having had a wonderful success in this city since his first visit here about three months ago. In fact Dr. Henderson cannot help making friends for he tells all in the plainest language possible that he can or cannot cure, as the case may be, which every sufferer likes to know.

Having decide to locate in Colorado, I offer for sale my household effects at greatly reduced prices. Possession given immediately. Call and see same.

We are sorry to learn that Jas. H. Johnston's condition continues to steadily grow worse. He is very low, and partially paralyzed. His many friends sincerely hope that a change for the better will soon come.—Boonville Advertiser.

Geo. Withers, of Sedalia, was in town Monday and certainly he has ample reason to feel somewhat discouraged. Recently his house was burned at Sedalia, and only a part of the loss was secured by insurance. When his insurance money was received he deposited it in the First National bank and now it is gone.—Tipton Times.

George Duren came down from Sedalia today. He is starting on a long trip through the southern states, which will extend into Florida. He will be absent two weeks or more. Mr. Duren has fully determined to make Sedalia his home, and upon his return will move his household goods to that city. Sedalia gains one of Vernon's best citizens in his removal.—Nevada Mail.

Speaking of Miss Beulah Harris, of Sedalia, at the concert in Boonville Tuesday evening, the Advertiser says: "Miss Harris sang two soprano solos, and in a duet with Mr. Brewster, all of which were much enjoyed. She possesses a very sweet voice and the repeated encores she received were in themselves sufficient evidence that her singing delighted her hearers. This was Miss Harris' debut in Boonville, as a vocalist, and we feel sure that all present at the opera house last Tuesday evening hope they will have the pleasure of hearing her again."

An Old Friend.

Mr. G. G. Mahy, formerly the general secretary of the Young Men's Christian association of this city, now at Scranton, Pa., will address the men's meeting at the association, 510 Ohio street, Sunday afternoon.

To Close a Distillery.

Official Council Proceedings.

SEDALIA, Mo., April 16th, 1894. Council met in regular session. Mayor Stevens presiding. All members present. Minutes of meetings held April 6th and 9th read and approved. City Engineer Yeater reported that the petition to make Kentucky avenue a 30-foot street from Broadway to the alley between Second and Third streets was signed by the majority of the property owners on said avenue.

On motion of Hansberger duly seconded and carried the prayer of the petitioners was granted. On motion of Dean duly seconded and carried the bills properly signed by the different committees were allowed and warrants ordered issued for the payment of same.

The report of the officers authorized to canvass the returns of an election of city officers held April 3rd, 1894, was read showing that P. D. Hastain had been elected mayor; J. S. Bosserman, police judge; W. U. Wiley, collector; E. J. Smith, attorney; L. H. Kahrs, marshal; John M. Glenn, treasurer; Chas. Wentzelman, assessor; F. R. Hulland, councilman, First ward; George C. Deckman, councilman, Second ward; T. P. Berry, councilman, Third ward; George E. Dugan, councilman, Fourth ward. The clerk stated that all of the above named officers had duly qualified, and received their certificates of election.

On motion of McKenize duly seconded and carried, the report of the board of canvassers was received and placed on file. On motion of Honkomp duly seconded and carried, a warrant for \$25.00 was ordered in favor of Mrs. E. Hulland, for rent of building occupied by the Emergency hospital.

Mayor Stevens addressed the audience briefly upon what he had done during the six years he was mayor, and thanked the members of the council and all of the other officers of the city for their co-operation in assisting him during his term of office.

The chair stated that the business of the old council was at an end. Councilman Honkomp introduced his successor, F. R. Hulland, from the First ward. Councilman Anderson introduced Geo. C. Deckman who succeeded himself from the Second ward. Councilman McKenize introduced his successor, T. P. Berry, from the Third ward. Councilman Dean introduced his successor, Geo. E. Dugan, from the Fourth ward.

The retiring mayor introduced his successor, Hon. P. D. Hastain. Mayor Hastain then read a brief address in which he declared his purpose to labor for the best interests of every citizen in this community, and to accomplish the desired results he must have the co-operation of the council, and all other officials, and the sympathy and support of the people. The clerk called the roll. All members present.

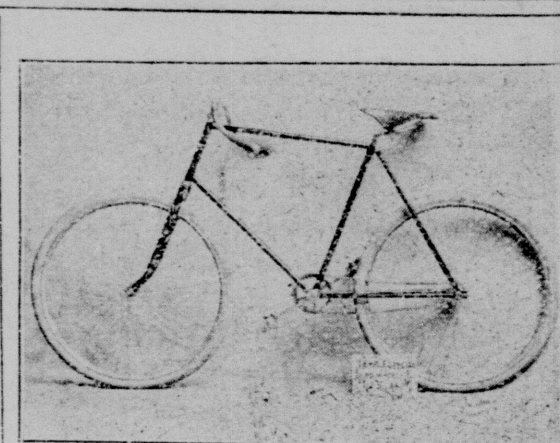

On motion of Olmsted duly seconded and carried, an ordinance providing for the extension of the water mains of the Sedalia Water and Light Co. of Sedalia, Mo., on Lamine avenue, between Second and Third street, was placed on its first reading and read the first time.

On motion of Hansberger duly seconded and carried, the rules were suspended, and the ordinance read the second time.

On motion of Deckman duly seconded and carried, the rules were suspended, and the ordinance read the third time.

On motion of Olmsted duly seconded, the rules were suspended, and the ordinance placed on its final passage and passed by the following vote: Ayes—Anderson, Berry, Deckman, Dugan, Hansberger, Hulland, Looney and Olmsted.

On motion of Looney duly seconded and carried, the council went into executive session.
